47	Ozaukee	20,951
44	La Crosse	17,557
43	Outagamie	29,926
27	Florence	1,073

\* ACSC Rate indicates hospitalizations for conditions better treated outpatient per 1,000 Medicare enrollees

### Reason for Ranking:

Hospitalization for diagnoses amenable to outpatient services suggests that the quality of care provided in the outpatient setting was less than ideal. The measure may also represent the population's tendency to overuse the hospital as a main source of care.
